

Modeling the Characteristics of Airport Travelers

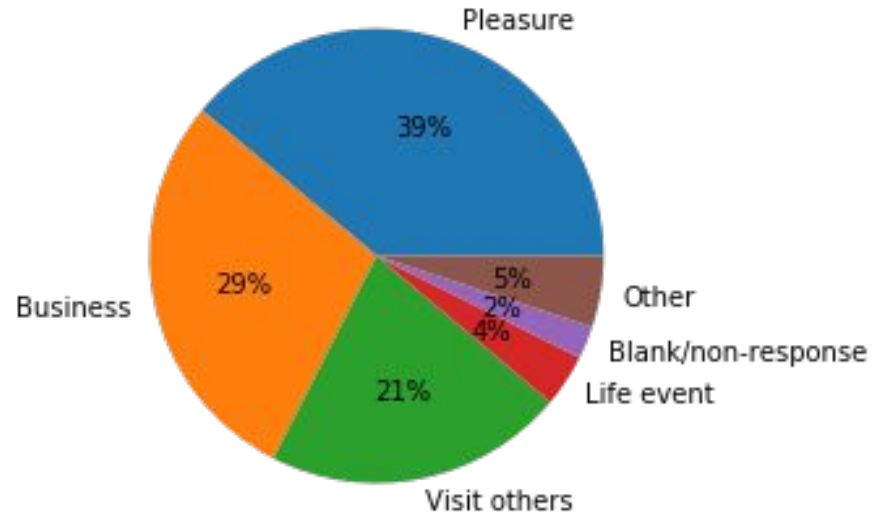

Melanie Malinas

Springboard Data Science Career Track

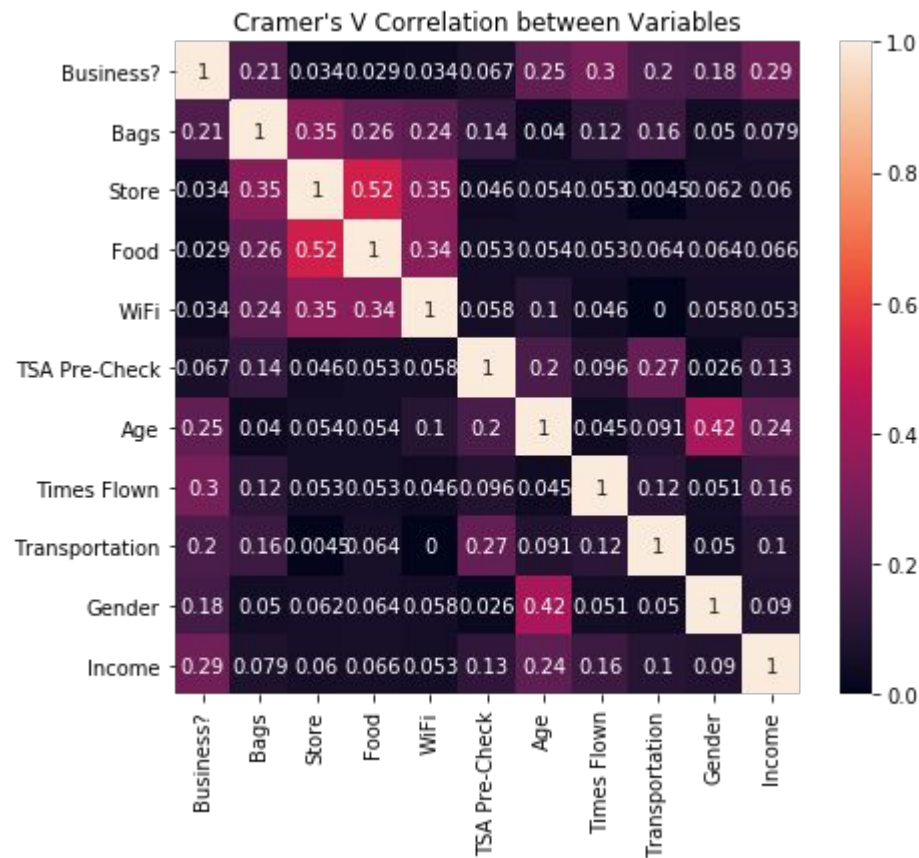

Capstone 1

A dark blue diagonal gradient bar that starts from the bottom left and extends towards the top right, covering the lower half of the slide.

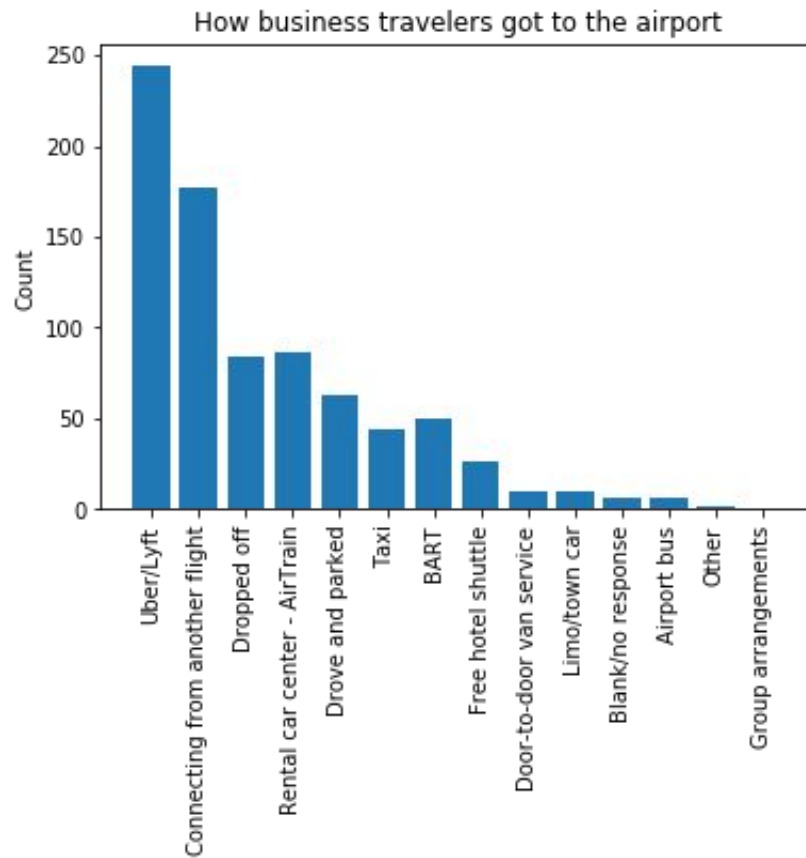

Types of SFO travelers

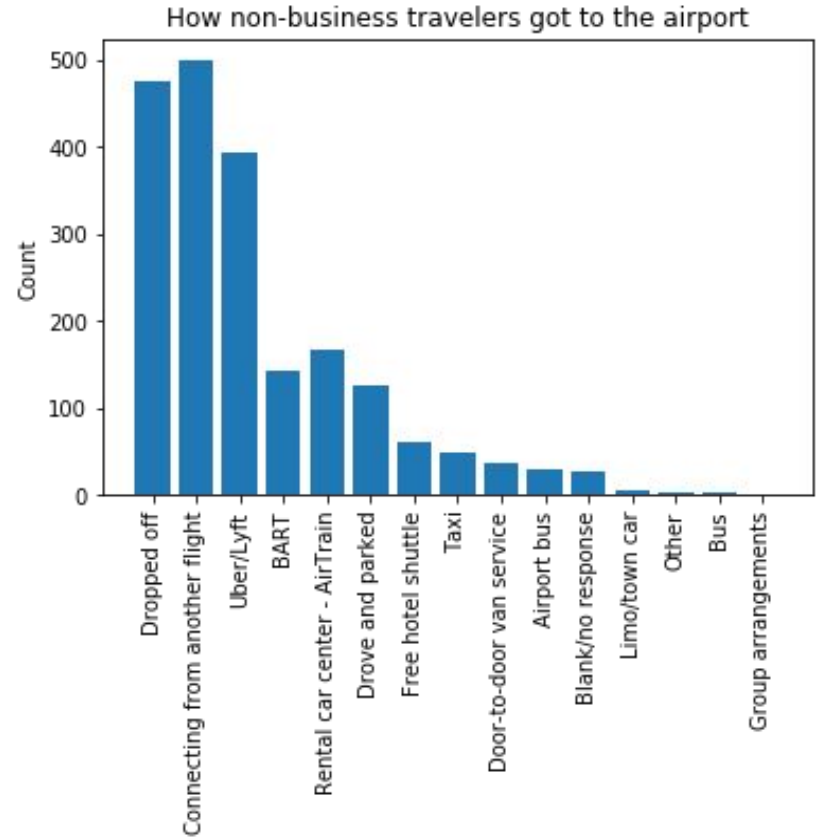

Categorical correlations between variables

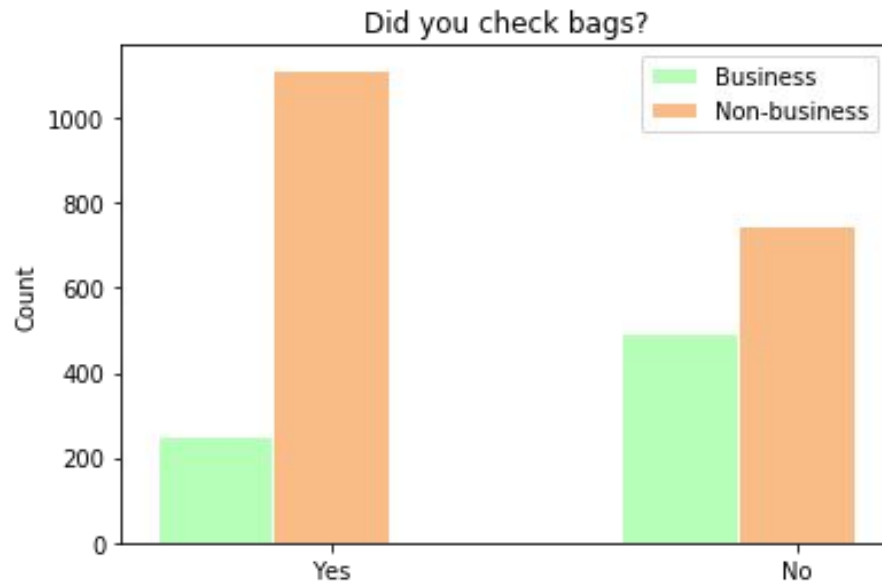

How business travelers got to the airport

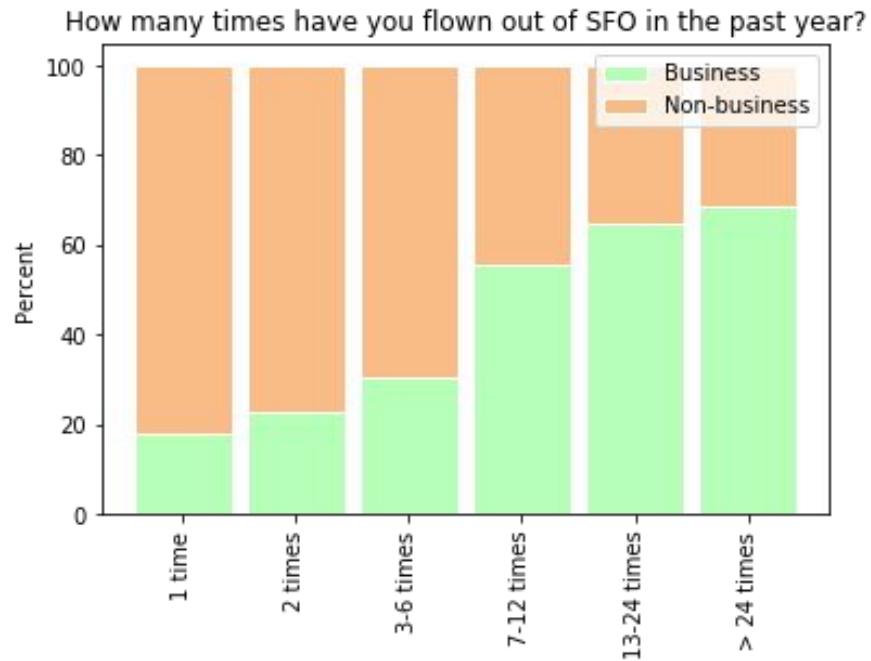

How non-business travelers got to the airport

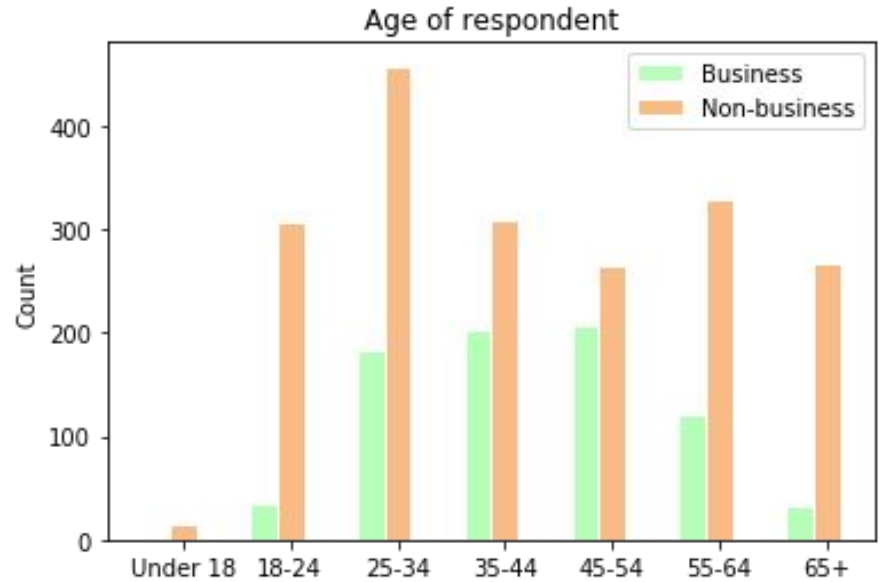

Checking bags

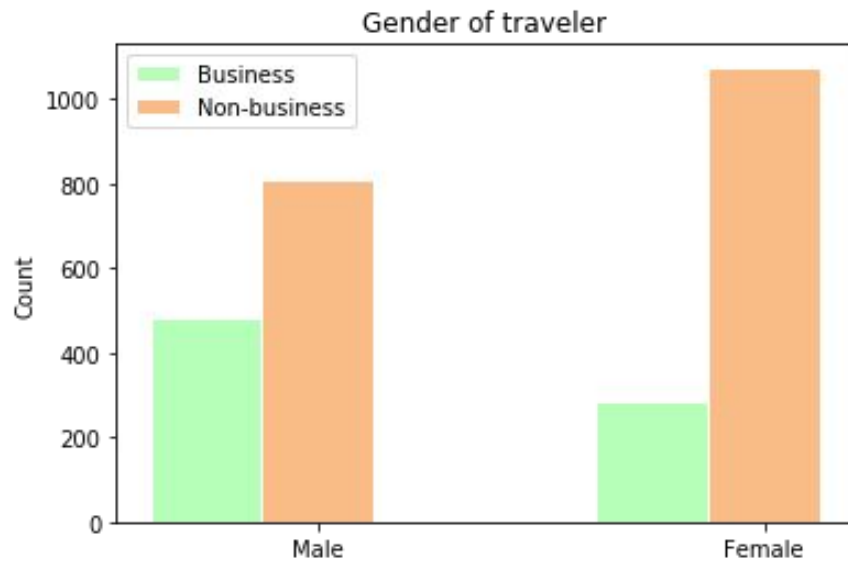

Times flown out of SFO

Age of traveler

Gender of traveler

Household income of traveler
